OUR BASSAS LETTER.

HARRIS CITY, M escout, F.bruary 19, 1 67.

the fact that many of your people have emigrated to this point in the past twelve deliers for gas are to be substituted.

—Madison county, Ky., is subscribing for a residence for Breekinglege. months, a few items relative to the growth of this place and the general interest manifested by all classes in the received with diefavor.

Kaneas City is situated in the Western part of the S ate of Missouri, and on the Missouri river-the line dividing the State of Missourl from the State of Kanwas being the western limit of the city. We are 289 miles by rall from St. Louis, and 400 miles by water.

The growth of the place can be sacersined from the following figures: In Hos. 270 Second Street, and 450 Haim St., January, 1865, the population was 5000; January, '68, 7500; January, '67, 11,000; F-ridinand Augustus, brother of Duke January, '68, 18,000; and in January,

169, 26 00). Many persons have been grisvous'y ritated by the brooding thought that had they occasionally a sapped off a mul-or a contraband better for a corner lot in or '62, they would now have become

Kansas City is a smart town and offers; many attractive features to the lovers of ne weird and plc ure que in nature these gorges and canons, these lof y bills and sunless ravines, these minismeander through the suburbs.

Say what they will of the difficulties which confront the enterprising classes, t must be admitted that here is a fast growing, prosperous and busy town, and tere capital and brains, energy and muscis are subduing mountains of earth and erecting upon solid foundations a very promising city, demanding an army of laborers, at \$2.25 to \$2.50 per day. The grad og of streets and loss cost as much ments.

The senior member has been a practising grading of streets and lots cost as much lawyer for thirty two years, and has member as the lots are worth. One instance, so the bars to the current course of are an of the bars to the current course of a the lots are worth. One instance, so the bars to the current course the mountain of earth to its toundation the mountain of earth to its foundation. c at \$10 0.0 Hundre is of similar cas a meet the eye all around. The work of spanning his mighty and

rescurrous river is progressing rapidly through the inceessal habor ( -igh iss w-li as day) of three hundred and diff mechange and laborers, wirea ly the pierseven in number, are hearly comp eted, built upon the sider on of the river to depths ranging from three to twenty five feet in water and said. The bridge, when completed, will be one thousand, four bundled and four fiet in long b, at a cost of \$700 000; the length of the "draw" is to be 350 feet. The brings is stended to contect three reads on north side of the river, with four roads on the south side. A wagon road with be attached to the same chord as the railway track. Trains of wagons embracing family

on his are pouring into this State and Newty covered Wagons, in watch are dominited the ristor general tion, who are cheered and comforted through the agency of a sheetiron stove waten-dog bringing up the rear in his forced merch-eyes with envy the emooth core that lie las ly around door

GRANT.

Merrang Train from Memphis does not run making in good bundred marshals and assistants, and the White mouse.

Her making Train from Memphis does not run make the sound on the sound of the From the Evening Mail ] Now there is no doubt that many pre-ses and politicians will characteriahe refusal of General Grant to name his Cabinet before the 4 h of March, as an act wanting in moral courage. Rahtly viewed, this is not so. From the statement he made to the committee, i is evident that he has not followed the example of Mr. Lucolu, and commisstoned the V ce President elect to same the member for the West. Then if he is qually reticent in the matter of Cabinet making, as he has been in everything class, the hundreds of men who are earliers and Saliers Unions, of Frederick, didates for the Cabinet all over the coun Md., Baldmore, Wilmington, Del., Bisrry, will be trofted out like herses at a too, Providence, Cincinnati, Philadel-Two Through Trains Daily, sale, their alroad potnis will be shown ON AND AFTER MONDAY, FERRUARY IS, but the exhibited by their opponents, so that, by the distribution may enable and other make, the second of the first opponents, so that, by the distribution may enable and fair discussion may enable division will consist of our city department, which arrange ments have been made. The firement's ments have been made. The firement's ments have been made. The firement's division will consist of our city department, with the United States brigade, each with visiting companies from Philametric trains under the constant of the firement's division will consist of our city department, with the United States brigade, each with visiting companies from Philametric trains under the constant of the firement's division will consist of our city department, with the United States brigade, each with visiting companies from Philametric trains which are set and shown to the firement's division will consist of our city department, with the United States brigade, each with visiting companies from Philametric trains which are set aside 310 too for the benefit of the ment by the firement's division will consist of our city department, with the United States brigade, each with visiting companies from Philametric trains which are set aside 310 too for the benefit of the ment by the firement's division will consist of our city department. New York Harold Club. This are consistent to the constant of the firement's division will consist of our city department. New York Harold Club. This are consistent to the constant of the constant he should yield to public clamer. While on this subject, les me refer t one other matter rationally controled with it. It will be noted that after unaking the statement, quoted above, on the committee, he concluded with the following words:

| Constitute in the properties of a disagreement as to the matched of the matched of the splendid example et him by Mr. George W. Child., of the Paliadelphia Ledger. It is romoved that the Proprietors of the Tribune will soon make a similar donation." "For tuese and other reesons, I have

concluded to make no public appounce ment of my Caulagt until the time men

And "other reasons" are significant Memphis and Little Ruck Ratirond words. They contain a bint to the 8-m are that the Tenure of O flor Law is not repealed; that the balter put bround to necessor. That is clearly what Ge . do not recollect, perhaps, that under the found the most perfect harmony and in referred to Ar drew Johnson's Cabbitet can hold over until the 4 h of April, if they are disposed to do sell It should be also remembered that Gen. Grant has stations. I find, too, that the colored with three members of that Cantuct -Randall, Walles and McCulloch. It is

> law is repealed be bus no power to ap point his Cabinet until the 4 h of April I have the sulhority of one of the member of Johnson's Cobinet will remain after the 4 h of March, but they will relieve Gar. Grant of all the trouble on the subject by tendering their resignations, to take off of on that day. Insa deepened, while there is being extaking no advantage whatever of an act hitled among the preachers a self-sac-Chilt, is consplenously inexact, accord which they do m and have declase:

W ETALLIC Cases and Coakete and Wooden OPTHALMY.

THE GREATEST DISCOVERY OF THE

AGE, BY DR. L. STERS (OPEL-

THALMIC PHYSICIAN. PROM PRUSSIA), been skill to marvelous in restoring persons a perfect sight, who were almost blind from go or dise as, for they can now read or write reminently without Speciales. Certificate and a summanials in this effect can be inspected. none who don't wish to have their aight ed. can have the famous improved and precommended Australian Organ Glass acles accurately and accoming about a to their eyes, with unsering accuracy, by Ur. L. S. O'rtific tes, verteilm, from the undersigned, indusa: Professors and distinguished genile-nen in Mempuis, Tenn.: men in Mempay, John.

We take great pleasure in stating that the Improved Austrance Crystal Glass Speciasi a, which we have obtained from Rr. L. Sieru, are the best we ever used. Our own experience and commendation which he has received from reassence of science in various paracol our cuntry, and would hence che-rially recommend these to all who wis to besett and improve their signt. Respectable.

Defective hearing restored, and all diseases of the Eye and Ear easeintly and snow-asfully treated by Dr. S., who is highly recommended by the most prominent ethisses and scientific gentlemen of this country and Surope.

Office bruns from 10 to 11 m. and 2 to 5 p.m., at No. 284 Main Street, Memphis, Tenn. Sebis
